GRASSYFORK WATER LILIE

TROPICAL WATER LILIES

TROPICAL LILIES provide twenty-four hours of continuous bloom each day from settled weather in spring until fall. Tropical Lilies are of two distinct types: the Dayblooming Lilies, whose flowers open with the sun and close at evening, and Nightblooming Lilies, whose flowers open in the afternoon and remain open until late the following morning. Tropical Lily blossoms stand above the water in contrast to Hardy Lily flowers, which float.

DAY-FLOWERING

WHITE LILIES

MRS. GEORGE H. PRING—The best pure white Tropical Lily. Flowers very fragrant, 8 to 10 inches; long pointed petals and sepals; golden-yellow stamens, borne in abundance all season. \$1.75.

PINK LILIES

MRS. ROBT. SAWYER—Plant sturdy, producing young plants on the leaves; flowers in abundance; gorgeous, full-petaled, and of a delightful shade of pink. \$2.50.

ZANZIBAR ROSEA—Flowers rose-pink of good size, bell shaped, and produced very freely. Adaptable to any size Pool or Tub Gardens. \$1.25.

GENERAL PERSHING—Broad, chalice-shaped flowers of a clear pink, delightfully fragrant. Foliage beautifully mottled. \$2.50.

MRS. C. W. WARD—Beautiful large flowers of a deep rose-pink on good stems. Petals and sepals long, pointed. Flowers produced very freely. \$2.25.

PINK PEARL—Vigorous, rapid growth, large flowers of dark shell pink, producing very freely. Large dark green foliage. \$2.00.

PURPLE LILIES

ZANZIBARIENSIS—The native African purple lily. Flowers 6-8 inches, very fragrant, showy, and freely produced. \$1.50.

AUGUST KOCH—Flowers very fragrant and freely produced. 7-8 inches. Of a pale wisteria-violet; sepals lilac. Foliage dark green. \$2.25.

PANAMA-PACIFIC—Flowers a wine-purple with golden stamens. This variety is practically ever-blooming; of compact habit, producing young plants on leaves. Leaves beautifully spotted and marked as are the bronze-green buds. \$2.00.

BLUE LILIES

COL. LINDBERGH—Enormous deep cerulean blue flowers carried high above the water on good stems. Plant of strong growth. \$2.25.

MRS. ED. WHITAKER—Light lavender-blue flowers; long pointed petals; exceptionally free flowering. Very adaptable. \$2.50.

CAERULEA—The original "Blue Lotus" of the Nile. Produces an endless succession of fragrant blooms until heavy frost. \$1.25.

BLUE BEAUTY (PENNSYLVANIA)—Flowers a deep rich blue; many petaled; stamens golden-yellow; tipped blue. Buds and leaves green beautifully spotted maroon. \$2.25.

NIGHT-FLOWERING

RED LILIES

DEVONSHIRE—Very free blooming. Bright rosy red flowers, 8-10 inches. Bronze-green foliage. \$1.25.

FRANK TRELEASE—Exquisite dark crimson flowers of good size; petals long, point-

ed, giving a starry effect. Stamens deep reddish brown. Leaves dark red. \$1.85.

H. C. HAARSTICK—A new red variety. It is a striking addition to the Night-Flowering group of Water Lilies. Flowers are a clear rich red surrounded by large bronze foliage. \$2.25.

WHITE LILIES

JUNO—The largest flowered Night Bloomer. Broad snow-white petals around a center of yellow stamens. Large, glossy-green, dentate foliage. \$1.75.

MISSOURI

New White Night-Blooming Lily. Pure white with large semi-double flowers. Unequaled for form and beauty. Will bloom much earlier than Juno. Leaves first a light bronze, later develop into dark green. Leaves have fluted margins. \$2.00.

PINK LILIES

RUBRA ROSEA—One of the best. Large flowers of brilliant rose-carmine held well above the mottled foliage. \$1.50.

MRS. GEORGE C. HITCHCOCK—A new pink. The Mrs. Hitchcock has large, deep rose-pink flowers borne above the water. A beautiful night-flowering hybrid. \$2.00.

EMILY GRANT HUTCHINGS—A new pink with large cup-shaped blooms of a delightful clear pink. No collection is complete without this attractive hybrid. \$2.25.

HARDY WATER LILIES

HARDY LILIES are unexcelled for planting and will beautify the most unattractive bit of water, provided they are not planted in too deep water or near a cold inlet. They are easy to grow and bloom best with full sunlight at least half the day.

WHITE LILIES

MARLIAC WHITE (*Albida*)—Richly fragrant, broad-petaled flowers of a pure, waxy white with bright yellow stamens; continuous bloom. \$1.00.

GLADSTONE—Large, pure white, globular flowers. A strong, vigorous grower inclined to hold both leaves and flowers above water when crowded. \$1.50.

PINK LILIES

ROSE AREY—Very free flowering and a strong grower. The flowers are very large, being eight or more inches across, fragrant, with long-pointed petals. A word picture falls short in describing the deep uniform pink color of this most satisfactory variety. One must see it growing and flowering to appreciate fully its merit. \$2.00.

EUGENIA DE LAND—A vigorous and free-flowering variety of Odorata type. Flowers large, floating, of a deep rose-pink; petals long, pointed. \$1.50.

MARLIAC ROSEA (*M. Rosea*)—Fragrant, cup-shaped flowers of deep rose. Free flowering and of good size. \$1.75.

HELEN FOWLER—Very adaptable to Tub-Gardens. Deep pink flowers of medium size borne above the water. \$1.25.

PINK OPAL—Full-petaled, cup-shaped flowers of a deep, rich pink. Foliage, reddish-green. \$1.00.

YELLOW LILIES

CHROMATELLA (*Marliac Yellow*)—Bright, chrome-yellow flowers. Leaves rich green, spotted bronze-red. Of compact habit, vigorous, and very free flowering. Ideal for Pool or Tub-Garden. \$1.50.

SUNRISE—Beautiful sulphur-yellow flowers of large size, borne slightly above the water; produced freely from early season until frost. \$2.50.

RED LILIES

GLORIOSA—One of the best. Flowers a beautiful clear red, deepening to dark red; full-petaled; very symmetrical and fragrant. For Pool or Tub-Gardens. Blooms continuously. \$2.50.

ATTRACTION—An immense flower, remarkably bright red in color, and very free in bloom. We have counted fifty blossoms on a single box of them. \$2.50.

CONQUEROR—An immense flower; the bright red petals shaded with white on the inside change to deep red as the flower ages. Strong plants producing a wealth of bloom. \$2.25.

METEOR—The slender, flaring petals fold about garnet-colored stamens—a very pleasing flower that blooms abundantly. \$1.50.

JAMES BRYDON—Handsome bronze-red foliage and large, cup-shaped flowers whose broad petals are an unique rose-crimson. An exceptional variety. \$2.50.

RED AND YELLOW LILIES

COMANCHE—The hardiest of all cultivated lilies. Large flowers of rich apricot with glowing red markings, deepening to copper-orange; olive green foliage flaked brown. Vigorous and free blooming. \$2.25.

AURORA—Very free flowering, of semi-dwarf habit, suitable for small Pools or Tub-Gardens. Flowers amber-yellow, shading to red-orange on the second day and then deep red. \$1.25.

SIOUX—Flowers a rich copper-yellow of good size; petals long, pointed, and tinged red along the sides. Flowers and central foliage raised slightly above the water. \$1.75.

PAUL HARIOT—Cup-shaped blooms of a delicate light yellow suffused with pink. Colors deepen on succeeding days to yellow and copper-red. Mottled foliage. \$2.00.

GRAZIELLA—Charming orange-pink flowers shading to a fine orange-red with age. A splendid variety for the Tub-Garden and one you will enjoy for its unique color and pretty cupped form. \$1.50.

ZANZIBAR TRIO

Zanzibar Purple, Zanzibar Blue, Zanzibar Rose. \$3.75.

ROYAL TRIO

Odo-Rosea—Pink, hardy. Caerulea—Blue. Chrysantha—Amber-yellow. \$3.25.

MARLIAC TRIO

Marliac Pink, Marliac Yellow, Marliac White—in collection, \$3.50.

S AND AQUATIC PLANTS

COLLECTION NO. 103

A splendid big value collection of Hardy Lilies for the moderate-sized pool and a refreshingly new grouping for those wishing additions to their present assortment.

EUGENIA DE LAND—Long, pointed petals of a delicate pink, giving a starry effect to the richly fragrant blooms.

SUNRISE—A burst of clear, glistening sulphur-yellow radiating from the long, slightly quilled petals, like rays of the morning sun.

METEOR—A flash of brilliant red against the pastel shades of De Land and Sunrise. Collection No. 103.....\$4.50

FOUR POPULAR TROPICAL LILIES

Mrs. Ed. Whitaker—Light blue; August Koch—Violet; Juno (Night-flowering)—White; Zanzibariensis Rosea—Pink; in collection, \$6.25.

COLLECTION NO. 104—A, B & C

You, too, may have large blooms and a riot of color in your water garden throughout the season by planting one of the following choice selections of excellent varieties:

CHROMATELLA—Glistening, chrome-yellow blooms in profusion throughout the season. **GALATEE**—A recent introduction. Petals a distinct shade of pink obtained by myriad tiny splashes of red flecked against a background of white. **PAUL HARIOT**—Blooms of a delicate light yellow suffused with pink, color changing to a rich apricot on succeeding days. **CONQUEROR**—A strong growing and free flowering variety. Bright red petals deepening to a richer tone on succeeding days.

Collection 104-A—The Four.....\$5.75

Collection 104-B—Any Three.....\$4.50

Collection 104-C—Any Two.....\$2.75

GRASSYFORK LOTUS

AMERICAN LOTUS (*N. lutea*)—A native variety, popularly known as Water Chinquapin, having large cream-yellow flowers of a delightful fragrance. \$2.00.

SACRED OR EGYPTIAN LOTUS (*N. nucifera*)—A hardy, vigorous, fragrant type having rose-tipped petals, shading to cream at the base. \$2.00.

SHIROMAN LOTUS (*N. shiroman*)—An outstanding variety having large globular, many-petaled or double flowers of purest white rising amongst the immense blue-green foliage. \$2.75.

CHINESE LOTUS (*N. pekinensis rubrum plenum*)—An exceptional type. This variety is the only Lotus having fully double flowers of a rich rose red. \$2.75.

SPECIAL LOTUS COLLECTION

A choice collection of delightfully contrasting and fragrant plants which we can ship together are: One American Lotus, One Sacred Lotus, One Chinese or Shiroman Lotus (your choice). Three strong tubers, one of each variety, \$5.75.

SHALLOW WATER PLANTS

Formal Pools have their centerpieces and corner designs of shallow water plants, and in

natural Pools the plantings are carried down the bank and into the water.

ARROWHEAD, Common (*S. latifolia*)—Hardy. 25 cts. each, \$1.00 for 5.

CATTAILS (*Typha latifolia*)—A graceful, attractive plant when grown in clumps, bearing the dark brown flower-spike well above the foliage. \$1.00 per doz.

FLOATING-HEART (*Nymphoides peltatum*)—An European species with yellow flowers. \$1.00 per doz.

FORGET-ME-NOT (*Myosotis palustris*)—Flowers light blue, with yellow eye. \$1.00 for 5, \$2.00 per doz.

WATER SNOWFLAKE—The resemblance to a giant snowflake is striking. 50 cts. for 3.

MARSH MARGOLD (*Caltha palustris*)—Large, yellow, goblet-shaped flowers in early spring. 75 cts. for 4, \$2.00 per doz.

PARROT FEATHER (*Myriophyllum proserpinacoides*)—Long, trailing stems of beautiful green foliage. 50 cts. for 6, \$1.00 per doz.

PICKEREL RUSH—A sub-aquatic common to borders of brooks and Ponds. 2 ft. 50 cts. for 2, \$2.50 per doz.

PURPLE WATER HYACINTH (*Eichhornia azurea*)—Plants of creeping habit, the runners floating out upon the water. Flowers of rich purple with delicately fringed petals. 35 cts. each, \$1.00 for 3.

WATER POPPY (*Hydrocleis nymphoides*)—A pretty Water Lily-like plant having yellow Chalice-shaped flowers with black centers. 25 cts. for 3, per doz., 75 cts.

WILD CALLA (*Calla palustris*)—Small white Calla Lily. A splendid edging plant. 75 cts. for 4, \$2.00 per doz.

VELVET LEAF (*Limnocharis flava*)—35 cts. each, 3 for \$1.00.

THALIA DIVARICATA—\$1.00 each.

Collection of 7 Shallow-Water Plants—\$1.00.

Collection of 15 Shallow-Water Plants—\$2.00.

BOG AND MARSH PLANTS

Flowering and foliage plants which give a luxuriant, tropical effect to the pool.

YELLOW FLAG (*Iris pseudacorus*)—For the edge of the pool or in natural plantings. Hardy. 75 cts. for 3, \$2.50 per doz.

JAPANESE or WATER TARO (*C. antiquorum illustris*)—Green foliage spotted with purplish black. 50 cts. each, \$1.25 for 3.

PAPER PLANT, EGYPTIAN (*Cyperus papyrus antiquorum*)—35 cts. each, \$1.00 for 3.

PRIMROSE WILLOW (*Jussiaea longifolia*)—A desirable edging plant, 2 to 3 feet high. Flowers golden yellow. 35 cts. each, 3, \$1.00.

UMBRELLA PALM (*Cyperus alternifolius*)—Does very well in wet soil but will grow in a dry location. \$1.00 for 3, \$3.00 per doz.

WATER CLOVER—A four-leaf clover, which forms a pleasing pattern on the surface and in crowded spots. 6 for 50 cts., \$1.00 per doz.

SPIDER LILY—A beautiful plant that produces clusters of spider-like, fragrant white flowers. \$1.00 for 3, \$3.00 per doz.

SWEET FLAG (*Acorus calamus*)—The well known Sweet Flag. \$1.00 for 5, \$2.00 per doz.

Collection of 7 Bog and Marsh Plants, \$1.50.

Collection of 15 Bog and Marsh Plants, \$2.50.

FLOATING AND OXYGENATING PLANTS

Wherever fish are kept, in Pool or Aquarium, the Floating and Oxygenating plants take on especial importance. Oxygenating plants produce free oxygen in the water in the processes of growth and are very valuable in supporting vigorous and active fish life for this reason.

DUCK WEED—A good fish food. Tiny, round leaves like polka dots on the water. 25 cts. per portion.

WATER LETTUCE or SHELLFLOWER—Blue-green fluted leaves and long, wavy roots. 25 cts. for 2, \$1.00 per doz.

WATER HYACINTH—Spikes of orchid-lavender flowers and young plants produced very freely. Excellent for the spawn of gold or tropical fishes and as a cover for the young. 50 cts. for 6, \$1.00 per doz.

FLOATING PLANT COLLECTIONS

1. Five assorted Floating Plants, 75c.
2. Twelve assorted Floating Plants, \$1.50.

OXYGENATING PLANTS

ANACHARIS—A rapid growing plant and one of the best oxygenators. 50 cts. for 6 bunches, \$1.00 per doz.

SAGITTARIA SINENSIS—Excellent for bottom cover in the pool; a very desirable aquarium plant. 6 plants, 50 cts.; doz., \$1.00.

VALLISNERIA—A good oxygenator with long, narrow, wavy leaves. 50 cts. per doz., \$1.00 for 25 plants.

CABOMBA—Broad, fan-shaped, finely cut leaves. 50 cts. for 6 bunches, \$1.00 per doz.

MILFOIL; MYRIOPHYLLUM—Excellent for fish spawn. Delicate green leaves having a lacy appearance under water. 50 cts. for 6 bunches, \$1.00 per doz.

LUDWIGIA—Round, glossy green leaves; under side and stems red. Very decorative in the aquarium. Should be planted in shallow water, in pools. 6 bunches, 50 cts., doz., \$1.00.

LARGE POOL COLLECTION—80 Choice Aquatic Plants, to include (our selection) 32 plants suitable for corners or ledges, such as Taro, Arrowhead, Primrose Willow, Umbrella Palm, Parrot's Feather, Forget-Me-Not, etc.; 36 submerged plants; 12 floating plants, such as Water Hyacinth, Water Fern, Shellflower, etc.\$7.50

GRASSYFORK SPECIAL OFFERS

SPECIAL POOL COLLECTIONS

FOR LARGE POOLS

WATER LILIES: Your choice of 5 Superb Hardy Lilies and either the Zanzibar or Marliac Trio. **80 AQUATIC PLANTS** as follows: 32 plants suitable for corners or ledges along the sides of the Pool, such as Taro, Arrowhead, Primrose Willow, Umbrella Palm, Parrot's Feather, Forget-Me-Not, etc., our selection; 36 submerged or oxygenating plants; 12 floating plants, such as Water Hyacinth, Water Fern, Shellflower, etc. **FISH AND SCAVENGERS:** 30 Goldfish as follows: 6 (7-9-inch) Young Giants, 12 (4-inch) Large Comets, 6 Extra-large 5-6-inch Comets, 6 Extra-large 5-6-inch Shubunkins, 1 Large Pool Scavenger Collection, 1 lb. Grassyfork Goldfish Food. Complete Assortment for Large Pools, \$27.

FOR MEDIUM POOLS

5 Water Lilies: Your choice of our Hoosier Garden, made up of Panama-Pacific, Frank Trelease, Mrs. Ed. Whitaker, Rose Arey and Commanche or our Show Collection of Eugenia DeLand, Sioux, Marliac Albida, Pink Opal and Gloriosa, with 38 Aquatic Plants, to include: 10 plants suitable for centerpiece or background; 16 plants for corners or margins; 6 submerged plants; 6 floating plants. 18 Fancy Fish, to include: 2 pairs 7-9-inch Young Giants; 6 Extra-large 6-inch Comets; 6 Extra-large 5-6-inch Shubunkins; 1 pair Large 5-6-inch Fantails. 40 of the best Scavengers, to include: 12 Tadpoles; 6 Japanese Snails; 12 Black Ramshorn Snails; 2 Salamanders; 4 Green Frogs; 4 Clams. 1-lb. carton Grassyfork Goldfish Food. Complete Medium Assortment for \$18.

PLANTINGS FOR WATER GARDENS

Pool collections do not include Perennials for the reason that many Water Gardens are planned without provision being made for Perennials and Rock Plants about the borders and walks. For those having a Rock Garden, flagged walk, or desiring a border about the Pool we offer a very choice selection of Evergreens, Perennials and Rock Plants. Write for Special List and Prices.

TROPICAL HIBISCUS

Something New. An unusual and different plant from any other. Flowers 4" to 5" in diameter of a deep crimson. Grows to a height of about 3 feet. Often there are as many as 15 to 20 flowers in bloom at one time. See illustration. 2 1/2-3" Potted Plants, F. O. B. Martinsville only, 25c each.

(If ordered separately add 10c for postage)

TUBS

We can supply those offered in our complete Tub-Garden Collection—White Cedar, galvanized hoops electrically welded. Ideal for a small Water Garden or Fish Pond. (F.O.B. Martinsville or Saddle River.)

24" Diameter, 12" deep-----Each, \$2.65
20" Diameter, 9" deep-----Each, \$1.85

PLANTING BOXES

A planting container for lilies and aquatics of durable cypress for long life and service. The larger size is for lilies from pools of medium and large size, the smaller is for moderate growing lilies, shallow water and bog plants. (F.O.B. Martinsville or Saddle River.)

Top 18 1/2", bottom 15", 10" deep. Each \$1.85
Top 12", bottom 9", 8" deep. Each \$1.15

"GRASSYFORK BIG BLOOM"

For really fine results with Water Lilies in your Pool you must use a good fertilizer, and nothing will surpass in effectiveness or economy our Grassyfork Big Bloom Fertilizer. The heavy foliage and profuse flowering of Water Lilies shows what heavy feeders these plants are, and you must remember that pool conditions restrict the earth available to their roots. Large blossoms will reward you for adequate fertilizing of your pool containers.

Five-pound bags ----- \$0.50
Ten-pound bags ----- \$0.85
Twenty-five-pound bags ----- \$1.75
(F. O. B. Martinsville or Saddle River)

One quart of Grassyfork Big Bloom Fertilizer should be used with each bushel of earth.

CONCRETE PAINT

A splendid Robin's-Egg Blue. We supply in quarts, half-gallons and gallons a specially prepared paint which not only preserves but beautifies a concrete pool. This paint will preserve the concrete, prevent small leaks, and is non-injurious for plants or fish. The color is especially prepared to enhance the appearance of clear water. A quart will cover 110 to 160 square feet of concrete with one coat—a gallon 450 to 550 square feet. Three or more coats should be applied to insure a permanent and wholly satisfactory finish. F. O. B. Martinsville or Saddle River. Per quart, \$1.40; per half-gallon, \$2.65; per gallon, \$4.95.

ILLUMINATED LILY PAD—Floats—lighting the garden pool. A 25 or 40-W bulb is sufficient for the average pool. Furnished complete . . . Wired and watertite socket that can be submerged in water and lighted, ready for installation-----\$4.00

FISH FOODS AND REMEDIES

FISH FOODS

GRASSYFORK WAFERS—Perfecting after 40 years of experience, study and experimenting, this new Natural Fish Food in Water form is offered to you at no more cost than the cheap, un nourishing plain white wafer (so-called) fish food. Our biologists and chemists have combined their efforts to

perfect this Food that can be fed to all aquarium fish, including Goldfish, Tropical Fish, and all Pool, Pond, or Indoor Aquarium fish.

These Wafers give your fish a Balanced Ration heretofore not available. They contain Egg, Meat, and Cereal. They will absolutely make your fish grow, and the necessary ingredients are contained to keep fish HEALTHY. You will also notice improved COLORATION of your fish from their use. They float and will not pollute the water. These Wafers are pure enough for human consumption and are sanitarilly packed, thus insuring fitness, liveliness, and longevity of your fish.

Per box 10c, per doz. -----75c
1/2 lb. Packages (Ground) Each -----25c

GRASSYFORK NATURAL FOOD—Large Size Package 10c, per doz. -----75c
1/2 lb. Packages, each -----25c

REMEDIES

HEALTH DIP—Keep your fish in first class condition. Use Health Dip in the aquarium occasionally as a preventative against fungus, tail rot, etc. 15c per box.

FUNGUS CURE—For definite cases of fungus, frayed fins, and general run-down condition. 15c per box.

AQUARIUM SUPPLIES

Grassyfork Water Gardens specialize in supplying to our customers all equipment for the feeding of fish, maintenance of aquariums, and care of aquatic plants, and believe we have developed the most complete and economical service for our customers. Special inquiries are solicited and we will be pleased to assist you in any way possible.

6-INCH SQUARE NET, with 1/4-inch steel frame, pocket 5 inches deep, handle 16 inches long. Each 75c.

POOL NET—The net you have been looking for with handles from 2 ft. to 5 ft. long, light weight, varnished handle, heavy galvanized wire frame for net, 8 inches square, fastened to handle so it can't come loose. Heavy regular fishing netting of 1/4-inch mesh with six-inch sag, ample for even the largest fishes. A practical and inexpensive large net for working about the pool; to remove dead leaves that may blow in from surrounding shrubbery; also, for handling fish for breeding purposes or when removing them in the fall. Suitable mesh for all Goldfish and the larger Tropicals, each, \$1.00.

GOLDFISH NETS—Fish should never be handled. Use a net when transferring them. 3 1/2-inch, wood handle, 10c each; 6-inch, wood handle, a strong net for large Goldfish. 25c each.

AUTOMATIC GLASS SYPHONS—Self-starting; will drain bowl or aquarium completely. Indispensable for removing sediment. 50c each.

AQUARIUM CEMENT—For best results, Aquarium cement should be mixed with the proper grade of oil in the right proportion. The proper amount of especially prepared oil is included with each package. One pound carton, each, 50c.

READ CAREFULLY PLEASE BEFORE ORDERING

We guarantee our plants and fish to be of the highest quality obtainable anywhere, and we ask you to be the judge in making an unsparing comparison in any way you wish.

Terms: Please send funds sufficient to cover price of goods ordered including 50 cents for shipping can when fish are included with the order. Include ten per cent (10%) extra to the value of your order for handling, packing and fully prepaid transportation charges. When not included, orders will be sent express collect.

Orders of \$2.50 or less require 25c for packing, handling and postage. This amount must be added to the value of the items ordered. Unless the 25c minimum or 10% for packing, handling and transportation charges is included, the shipments will be made by express, charges collect. Prices subject to change without notice.

Payment may be made by check, draft, Post Office money order, or Express money order. When cash is sent the letter should be registered. We do not ship C. O. D.

Order Early. Orders are shipped at the proper planting time for your locality in the order received. Early ordering will insure prompt delivery as soon as your planting season begins.

Canadian Shipments: Canadian customers must obtain a permit to import plants from the Destructive Insect and Pest Act Advising Board, Dept. of Agriculture, Ot-

tawa. Send us the Permit Number only for such shipments. The permit is to be retained by purchaser.

Forwarding: All fish and tadpoles ordered must go by Express collect. Evergreens, Fertilizer, Chips, Shells, Aquarium Grit, Sand, Concrete or Pool Paint, Aquariums, Stands, Tubs, Planting Boxes, Galva Tanks and All-Steel Pools are shipped via express or freight collect.

Claims: Inspect your order before express agent leaves. If shipment is not in good condition, have him make out a bad order Report No. 679 and return it to us at once. All claims or complaints must be made within 10 days of accepting goods. We reserve the right to replace any merchandise considered unsatisfactory. Our liability in any case shall be limited to the replacement of such items as have been shipped.

Errors: Experienced packers handle all your orders. In the press of business, however, errors may occur. In such case we wish to be promptly informed of the fact, that we may make such corrections as will be satisfactory. Please keep copies of all your orders for comparison.

Name and Address: Please write on each order your Name, Post Office, County and State, Street, P. O. Box or R. F. D. Route: your nearest Express Office.

GRASSYFORK GOLDFISH

WATER GARDENING can hardly reach its best development without Goldfish in the pool, so much do they contribute to its beauty and interest, and to easy access of its maintenance as well. Goldfish fed occasionally at the edge of the pool will soon be inclined to school and approach the visitor at the pool border, bringing life and color to the whole scene that could be had in no other way. Goldfish in the pool will destroy insects and their larvae, and are especially effective in destroying mosquito larvae.

SELECT COMMON GOLDFISH—A first-class strain, exceptionally active and brilliantly colored. Unequaled for Pools or large ponds. 4-inch, \$1.25 per doz.; \$8 per 100. 5-inch, \$1.75 per doz.; \$12 per 100. 6-inch, 50c per pr.; \$2.50 per doz.

GIANT GOLDFISH—These fish are selected breeding stock. Just the thing for the larger Pool. Exceptionally hardy and beautifully colored. 10-12-inch, \$3 per pr.; \$15 per doz.

YOUNG GIANTS—Strong, hardy, well-colored Giant Goldfish of medium development, ranging in size from 7 to 9 inches. Excellent for spawning. Price \$1.00 per pr.; \$5 per doz.

NYMPHS—Gold, black and white coloring. Very short egg-shaped bodies with large fins and broad tails. Active. 3-inch, \$1.25 per doz. 4-inch, \$2.50 per doz. 5-inch, 75c per pr.

SHUBUNKINS—A single tail variety of recent introduction. Beautifully colored in red, blue and black against a pearl background. Unusual and very striking. Excellent for Pool or Aquarium, 2½-inch, 75c per doz. 3-inch, \$1.00 per doz. 4-inch, \$1.50 per doz. 8 inches, \$5 per pair; \$25 per doz.

EXTRA LARGE SHUBUNKINS—All the colors of the rainbow. Be sure to include a few of these 6-inch Shubunkins in your Pool Collection of fishes. \$2.00 per pair.

GIANT SHUBUNKINS—For a unique display in the larger Pool, Giant Shubunkins. 8 inches, \$5 per pair; \$25 per doz.

CHINESE MOORS—A unique and exotic fish with large, protruding "telescopic" eyes, short, plump bodies and fan-like tails. Color, a dense, velvety black. 2½-inch, \$2.00 per doz. 3-4-inch, \$1.00 per pr.; \$5 per doz. 4-5-inch, \$1.50 per pr.

SELECTED COMETS—Similar to Common Goldfish, but with more slender bodies, longer tail and fin development, and much greater rapidity of movement. 3½-inch, \$1.25 per doz. 5-inch, 50c per pr.; \$2.50 per doz. 6-inch, \$1.00 per pr.; \$5.00 per doz.

EXTRA LARGE COMETS—These Comets are 6-7 inches in length. \$1.50 per pr.; \$7.00 per doz.

GIANT COMETS—Long, slender bodies, very active. 10-inch, \$3.00 per pr.; \$15.00 per doz. 12-inch, \$4.00 per pr.; \$20.00 per doz.

CALICO TELESCOPES—Like the Calico Fantails, having in addition the large, protruding "telescope" eyes. 2½-inch, \$2.00 per doz. 4-inch, \$1.50 per pr. 5-inch, \$2.50 per pr.

CHINESE RED TELESCOPES—Like the "Chinese Moors," except that these fish are

red in color. 2½-inch, \$2.00 per doz. 3-4-inch, \$1.00 per pr.; \$5.00 per doz. 4-5-inch, \$1.50 per pr.

FANTAILS—A beautiful variety, with red-gold body, marked with black or white. The tail is double and spread fan-like, hence the name. 2½-inch, \$1.00 per doz. 3-inch, \$1.50 per doz. 4-inch, 75c per pr.; \$3.50 per doz. 5-inch, \$1.00 per pr.; \$5.00 per doz.

LARGE FANTAILS—Something different, and just a little better. 6 inches, \$3.00 per pr.; \$15.00 per doz.

GIANT FANTAILS—For an exceptional display of Goldfish, there is nothing finer. 8 inches, \$5.00 per pr.; \$25.00 per doz.

CALICO FANTAILS—Beautifully colored like the Shubunkins, but having the divided or "fan" tail. 2½-inch, \$2.00 per doz. 4-inch, \$1.50 per pr. 5-inch, \$2.50 per pr.
